Hello Minister Poileivre, and staff.

I'm one of your constituents ("Hello" from Kenmore, ON!), and I'm wondering if you can point me to the best person to address a question to.

As part of a personal research project, I sent the email below to DND, but have not yet received a response.

Do you have any knowledge of the Canadian Government acknowledging or responding to the US Navy's recent moves? If not, I would appreciate any suggestions as to who I might contact to learn more.

Thanks in advance for any help,

Matt Melvin.

Hello,

With the recent releases of information from the US Navy that announced:

1) Certain UFO/UAP reports are legitimate

<https://time.com/5680192/navy-confirms-ufo-videos-real/>

2) The US Navy has changed it's reporting guidelines for such incidents

<https://www.politico.com/story/2019/04/23/us-navy-guidelines-reporting-ufos-1375290>

A) Has anyone with DND (across all branches) had any official reaction to this?

B) Are there any plans for Canada to revisit it's own approach to dealing with similar events experienced by our own members of the forces?

Thanks in advance for any information/comment!

Matt Melvin.
